INTRODUCTION

The purpose of this employee handbook is to provide employees with an overview of Arbor Aesthetics' (the "Company") policies that apply to all employees. Please read it thoroughly and retain it for future reference. If you have any questions regarding the information contained in this handbook, please discuss those with the President, Amy Grewe.

This handbook is presented for informational and guidance purposes only. All employees who do not have individual, written contracts for specific, fixed terms are considered to be employees at will. "At will" means that you or the Company may terminate the employment relationship at any time, with or without cause or reason and with or without advance notice. This handbook and the Company's policies are not intended to constitute a contract of employment, either express or implied, between you and the Company. Accordingly, this handbook shall not and should not be interpreted or construed as an employment contract, either express or implied, between you and the Company. No manager or representative of the Company, other than the President of the Company, has any authority to enter into any agreement for employment for any specified period of time, or to make any agreement contrary to the foregoing, and any such agreement must be in writing.

This handbook applies to all employees of the Company and supersedes and replaces any prior handbooks, policies and/or memoranda which were issued on subjects covered in this handbook.

The policies, procedures or benefits set forth in this handbook are subject to change at any time. The Company expressly reserves the right to amend, add to or delete any or all of these policies, procedures or benefits. Although the Company will attempt to give adequate notice of any such changes, the Company reserves the right to revise, supplement, modify, interpret, delete or rescind any policies, plans, procedures or benefits as it deems appropriate, in its sole and absolute discretion, with or without prior notice.

This handbook is the property of the Company and (along with all copies) is to be returned to your supervisor upon termination of your employment with the Company.

PERSONNEL PROCEDURES

Equal Employment Opportunity Policy

As a matter of policy, the Company pledges to provide equal employment opportunity without regard to race, color, creed, religion, sex (including pregnancy, gender stereotyping and caregiver status), sexual orientation, gender identity, AIDS/HIV status, marital status, citizenship status, national origin, ancestry, age, disability, veteran or military status, genetic information, or other factors protected by applicable federal, state or local law. In keeping with this policy, the Company recruits, employs and promotes the best-qualified individuals. This pledge applies to all employees and applicants for employment in connection with:

1. Hiring, placement, promotion, transfer or demotion
2. Requirement, advertising or solicitation for employment
3. Treatment during employment
4. Rates of pay or other forms of compensation
5. Selection for training, including apprenticeship
6. Leave of absence
7. Training
8. Layoff or termination

The above pledge has been made part of our employee handbook, posted on bulletin boards and directly communicated to all supervisors and management personnel.

All employees share in the responsibility for assuring, by their personal actions, the policies are effective and apply uniformly to everyone. Any employees, including supervisors and managers, involved in discriminatory or other unlawful practices will be subject to termination.

As an equal opportunity employer, the Company intends to comply with all applicable state, local, and federal laws, and you are expected as an employee of the Company also to comply with those laws.

Americans with Disabilities Act

It is the policy of the Company to comply with all relevant and applicable provisions of the Americans with Disabilities Act (the "ADA"). The Company will not discriminate against any qualified employee or job applicant with respect to any terms, privileges, or conditions of employment due to a person's physical or mental disability.

The Company will make reasonable accommodations wherever necessary for all employees or applicants with a disability, provided the individual is otherwise qualified for the job and can safely perform the essential duties and assignments connected with the job, and provided that any accommodations made do not impose an undue hardship on the Company. The President is responsible for implementing this policy, including resolution of reasonable accommodation, safety, and undue hardship issues. To request an accommodation, or for answers to questions regarding this policy, please contact the President.

Pregnancy Accommodations

It is the policy of the Company to comply with applicable federal and state law regarding pregnancy. The Company will make reasonable accommodations wherever necessary for all employees or applicants for pregnancy, childbirth, or related medical conditions, provided that any accommodations made do not impose an undue hardship on the Company. The President is responsible for implementing this policy, including resolution of reasonable accommodation, safety, and undue hardship issues. To request an accommodation, or for answers to questions regarding this policy, please contact the President.

Non-Harassment, Non-Discrimination and Non-Retaliation Policy

The Company strongly supports the right of all its employees to work in an environment free from all forms of harassment, discrimination, retaliation, intimidation, hostility or other offenses that might interfere with work performance. Harassment or discrimination based on race, color, creed, religion, sex (including pregnancy, gender stereotyping and caregiver status), sexual orientation, gender identity, AIDS/HIV status, marital status, citizenship status, national origin, ancestry, age, disability, veteran or military status, genetic information, or any other legally protected category will not be tolerated.

Employees have the obligation to report all incidents of harassment or discrimination, and those reports will be promptly and thoroughly investigated. The Company also does not tolerate retaliation against those who report illegal discrimination or harassment in good faith or those who cooperate with investigations. Any employee who has engaged in discriminatory, harassing or retaliatory conduct will be subject to immediate discipline, up to and including immediate discharge from employment.

Harassment Defined. Harassment is verbal, written or physical conduct that degrades or displays hostility or hatred toward others because of their, or their relatives', friends' or associates' race, color, creed, religion, sex (including pregnancy, gender stereotyping and caregiver status), sexual orientation, gender identity, AIDS/HIV status, marital status, citizenship status, national origin, ancestry, age, disability, veteran or military status, genetic information, or other legally protected characteristics and which creates an intimidating, hostile or offensive working environment, unreasonably interferes with an individual's work performance, or otherwise adversely affects an individual's employment opportunities.

While it is not possible to identify all forms of harassment, generally speaking, harassing conduct includes, but is not limited to, the following acts or conduct when those acts or that conduct relates to race, color, creed, religion, sex (including pregnancy, gender stereotyping and caregiver status), sexual orientation, gender identity, AIDS/HIV status, marital status, citizenship status, national origin, ancestry, age, disability, veteran or military status, genetic information, or other legally protected characteristics:

- Epithets
- Slurs
- Negative stereotyping
- Threats
- Written or graphic material that degrades, or displays hostility or hatred toward an individual or group because their race, color, creed, religion, sex (including pregnancy, gender stereotyping

and caregiver status), sexual orientation, gender identity, AIDS/HIV status, marital status, citizenship status, national origin, ancestry, age, disability, veteran or military status, genetic information, or other legally protected characteristics when such material is distributed or circulated in the workplace or placed on walls, bulletin boards, or elsewhere on the Company's premises.

The Company prohibits, and will not tolerate, harassment. Any Company official or employee who engages in harassment will be subject to immediate discipline, up to and including immediate dismissal.

Sexual Harassment Defined. Sexual harassment is expressly prohibited. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, physical or written conduct of a sexual nature when such conduct creates an offensive, hostile or intimidating work environment and prevents individuals from effectively performing the duties of their positions. It also encompasses such conduct when it is made a term or condition of employment or if an employment decision is based on an individual's acceptance or rejection of such conduct.

Sexual harassment also includes, but is not limited to, the following acts, whether committed by Company officials or employees or other persons on the Company's premises, including any Company worksite, but not employed by the Company, including customers, vendors and visitors:

- Unwelcome sexual flirtations;
- Unwelcome sexual advances or propositions;
- Verbal abuse of a sexual nature;
- Subtle pressure or request for sexual activities;
- Unnecessary touching of an individual;
- Graphic or vulgar commentaries about a person's physical appearance, body, or clothing;
- Sexually degrading words used to describe a person;
- Displays in the workplace, at a Company worksite, or on the Company's premises of sexually suggestive materials, including objects or pictures;
- Sexually explicit or offensive jokes, whether written or spoken;
- Physical assault or battery;
- Verbal harassment or abuse;
- Accusations of sexual preference;
- Demands for sexual favors, including demands accompanied by express or implied promises or threats concerning an individual's employment status;
- Conditioning any term or benefit of employment upon sexual favors;
- Sexual slurs or innuendoes;
- Suggestive or insulting sounds;
- Touching, leering, whistling or obscene gestures;
- Displaying derogatory or offensive posters, cartoons or drawings; and
- Any other conduct that unreasonably interferes with an employee's performance of his or her job, creates an intimidating, hostile or offensive working environment, or otherwise adversely affects an individual's employment opportunities.

Generally speaking, there are two types of sexual harassment: (1) *quid pro quo*, which involves an express or implied suggestion that a term or condition of employment is, or may be, contingent upon

sexual activities or favors, and (2) *hostile environment*, which involves sexually harassing conduct so severe that it creates a hostile working environment. Sexual harassment occurs when the conduct described above may:

- Be construed as being a term or condition of an individual's employment, i.e., when a supervisor or other employee threatens or insinuates, either explicitly or implicitly, that another employee's or applicant's refusal of sexual advances or demands will adversely affect that person's employment in any way or when the employee's or applicant's agreement to submit to sexual advances or demands will positively affect that person's employment in any way;
- Be used as a basis for making employment decisions affecting an employee or applicant, depending upon the employee's or applicant's submission to, or reflection of, improper conduct; or
- In purpose or effect, substantially interfere with an employee's work performance or create an intimidating, hostile, or offensive working environment.

The Company prohibits, and will not tolerate, sexual harassment. Any Company official or employee who engages in sexual harassment will be subject to immediate discipline, up to and including immediate dismissal.

Reporting Incidents of Harassment. Any employee who, in good faith, believes he or she is being subjected to harassment, or who, in good faith, observes what he or she believes is harassment, shall immediately report any incident directly to the employee's supervisor, the President or the President of the Company. Reports of harassment involving any of these persons shall not be reported to that person; instead, make the report to one of the other persons identified. Employees making a complaint should make such complaints in writing and must provide detailed information regarding the harassing conduct; the date(s) and approximate time(s) of the alleged harassment; the names of all persons involved; the names of any witnesses; and any other information deemed helpful to an investigation.

Employees are reminded to report all instances of sexual harassment by nonemployees. These reports are to be made in the same way as all other reports of harassment.

All reports will be treated, to the extent possible, confidentially and will be promptly investigated. If the result of the investigation indicates that corrective action is called for, such action will be taken in accordance with the seriousness of the event and may include disciplinary measures, up to and including immediate discharge from employment of the offender.

When asked, all employees shall cooperate fully and completely with such investigations. Refusal to so cooperate, or interfering with an investigation in any way, shall subject employees to immediate disciplinary action, up to and including discharge from employment. Making a report in bad faith will also subject the employee to discipline, up to and including termination.

Reporting Incidents of Retaliation. The Company prohibits retaliation of any kind against those who report harassment or discrimination in good faith or those who cooperate with harassment or discrimination investigations. The Company will, in accordance with established and specific procedures, promptly investigate all retaliation complaints. Any incidents of retaliation shall be immediately reported to the employee's supervisor, the President or the President of the Company.

Reports of retaliation involving any of these persons shall not be reported to that person; instead, make the report to one of the other persons identified. Complaints should be in writing and must include detailed information concerning the retaliatory conduct; the date(s) and approximate time(s) of the retaliatory conduct; the names of all persons involved; the names of any witnesses; and any other information deemed helpful to an investigation.

When asked, all employees shall cooperate fully and completely with such investigations. Refusal to so cooperate, or interfering with an investigation in any way, shall subject employees to immediate disciplinary action, up to and including discharge from employment. Making a report in bad faith will also subject the employee to discipline, up to and including termination.

All reports will be treated, to the extent possible, confidentially and will be promptly investigated. If the result of the investigation indicates that corrective action is called for, such action will be taken in accordance with the seriousness of the event and may include disciplinary measures, up to and including immediate discharge from employment of the offender.

Application of Policy. This policy applies to all Company work sites and any work-related setting outside the workplace, such as during business trips, business meetings and business-related social events.

Compliance With Federal, State and Local Law. The prohibitions, protections and procedures set forth in this policy may be stricter than those required under federal, state or local law. In the event that the Company's policies conflict with state or federal law so as to limit the rights of an employee, the appropriate federal, state or local law shall govern.

At-Will Employment

Employment at the Company is for no specified time, regardless of length of service. Just as an employee is free to leave at any time, for any reason, the Company reserves the same right to end our employment relationship with any employee at any time, with or without notice, for any reason not prohibited by law.

No policy contained in this handbook should be interpreted in any way as changing an employee's at-will status or creating a contract of employment.

Immigration Compliance

All offers of employment are contingent upon presentation of documentation that establishes the employee is currently eligible for employment in the United States. In compliance with the Immigration Reform and Control Act of 1986, each new employee, as a condition of continued employment, must complete the Employment Eligibility Verification Form I-9 ("Form I-9") and, within three business days of the date on which the employee commences work, present documentation establishing identity and employment eligibility. Former employees who are rehired must also complete the Form I-9 if they have not completed one within the past three years, if their previous Form I-9 has not been retained, or if their previous Form I-9 is no longer valid. If you at any time cannot establish your right to work in the United States, COR Clearing may be obliged to terminate your employment.

Personnel Information

It is the responsibility of each employee to promptly notify the Company of any changes in personnel data. Some examples include:

- Name and/or marital status
- Address and/or telephone number
- Change in eligible dependents for benefits
- Individuals to be contacted in the event of an emergency
- W-4 deductions

Employee Classifications

Exempt: An exempt employee is exempt from minimum wage and overtime provisions of the Fair Labor Standards Act ("FLSA") and is not eligible to receive overtime compensation for hours worked in excess of 40 hours in a workweek. Exempt employees are paid on a salaried basis. This means that although salaried/exempt employees may have weeks where they work greater than 40 hours or less than 40 hours, they will receive the same salary for each week of work.

Nonexempt: A nonexempt employee is eligible for overtime compensation at the rate of time and one-half for all hours worked in excess of 40 hours per week, in accordance with the provisions of the FLSA and any applicable state laws.

Full-time Employee: A full-time employee is one who is routinely scheduled to work 32 or more hours per week on behalf of this employer. Full-time employees meeting length-of-service requirements are eligible for certain benefits.

Part-time Employee: A part-time employee is one who is routinely scheduled to work fewer than 32 hours per week on behalf of this employer. Part-time employees are not eligible for benefits, except as indicated in specific benefit descriptions.

Temporary Employee: A temporary employee is one who is hired for special projects or short-term periods of time. Temporary employees are not eligible for employee benefits.

Seasonal Employee: A seasonal employee is one who is hired to work only during certain seasons or periods of the year. Seasonal employees are not eligible for employee benefits.

Time Clocks

By law, the Company is obligated to keep accurate records of the time worked by designated employees.

Each nonexempt employee is required to punch IN at the start of his/her shift, OUT at the start of the lunch period, IN after completion of the lunch period, and OUT at the end of the shift. Under no circumstances should an employee punch another employee's time.

In the event a mistake is made, the employee must notify his or her supervisor immediately. Falsifying time records or tampering with another's time records is cause for disciplinary action, up to and including possible termination, of all parties involved.

It is extremely important these records be completely accurate. To avoid confusion and misunderstandings, an employee should not punch in more than fifteen minutes before the scheduled start time unless approved by his or her supervisor. Employees are expected to begin working as soon as they punch in, and should clock out when they finish their assigned tasks.

Workweek

The workweek begins at 12:00 a.m. Sunday and ends at midnight the following Saturday.

Pay Period—Payday

Paychecks will be issued on Friday following the close of the pay period. The Company will not cash payroll checks for employees. Direct deposit is recommended and offered free of charge. Your paycheck, pay stub, and W-2 information can all be accessed at workforce.intuit.com after signing up for an account.

"Work After Hours"

Any work performed outside an employee's scheduled hours is considered "work after hours" and may be performed only at the direction, and with the approval, of an employee's immediate supervisor. Consistent with the above-listed definition, nonexempt employees are eligible for overtime compensation at the rate of time and one-half for all hours worked in excess of 40 hours per week.

Arrangements for "work after hours" will be decided at the time the situation arises, including the work required and the employees necessary to perform the job. Approval for overtime hours must be obtained in advance and reported to the President within 48 hours.

Hours Worked

Nonexempt employees will use online time tracking to track their actual hours worked each day. "Hours worked" do not include payment for illness.

Lunch Break

Employees are permitted to take a lunch break during the workday. If the lunch break is longer than 20 minutes, the employee must clock out. If clocked out for a lunch break, employees **must not** perform work-related duties.

Work Breaks

Employees are permitted to take periodic rest breaks throughout the workday, as needed. Employees who take excessive breaks during the day will be subject to discipline, up to and including termination.

Smoking breaks, personal phone calls, personal conversations, and personal email should be performed during break time.

Weather Delays

Occasionally the weather will cause unavoidable delays in the workday. In such instances, the Company reserves the right to relieve employees from duty, subject to recall if appropriate. Where released from duty, employees will be relieved from all work obligations, and must clock out.

Mandatory Deductions from Paycheck

The Company is required by law to make certain deductions from your paycheck each time one is prepared. Among these are state and federal tax withholding and certain deductions under the Federal Insurance Contributions Act ("FICA") for Social Security and Medicare. In addition, eligible employees may request deductions be made for voluntary insurance premiums or similar Company benefit plans, which would require written authorization be provided by the employee before such deductions may be made. Employees will be notified of any other mandatory deductions or withholdings to be made from their paycheck, such as court-ordered garnishments, whenever the Company is ordered to make such deductions.

These deductions will be itemized on the employee's check stub. The amount of the deductions will depend on an employee's earnings and on the information furnished on the W-4 form regarding the number of exemptions claimed. If an employee wishes to modify this number, he or she must request a new W-4 form from the President immediately. Verbal or written instructions are not sufficient to modify withholding allowances. The Company advises you to check your pay stub to ensure that it reflects the proper number of withholdings. The W-2 form an employee receives annually reflects how much of his or her earnings were deducted for these purposes.

The Company does not condone unlawful deductions. It is the intent of the Company to comply with all applicable regulations and the provisions of the federal Fair Labor Standards Act ("FLSA"). Exempt salaried employees will not have improper deductions made from their predetermined compensation in violation of 29 C.F.R. § 541.602(a), including improper deductions for absences occasioned by the employer or by the operating requirements of the business or when work is not available for an employee who is ready, willing and able to work.

If any employee has a complaint that the Company has made an improper deduction in violation of this policy, the FLSA and/or the regulations, he or she may bring that complaint directly to his or her supervisor or the President. The Company will investigate such complaints, will correct any improper deductions made, and will make a good-faith commitment to comply with all applicable requirements in the future.

If you have questions concerning why deductions were made from your paycheck or how they were calculated, your supervisor or the President may assist you.

Administrative Pay Corrections

The Company takes all reasonable steps to assure that employees receive the correct amount of pay each paycheck and employees are paid promptly on the scheduled payday. In the unlikely event that there is an error in the amount of pay, or an employee suspects that an improper deduction from his or her paycheck occurred, the employee should promptly bring the discrepancy to the attention of the President. The Company will investigate wage or pay concerns and make any necessary corrections.

Confirmed underpayments will be corrected in the next regular paycheck. Overpayments will also be corrected in the next regular paycheck, unless this presents a burden to the employee (where there is a substantial amount owed). In that case, the Company will attempt to arrange a schedule of repayments with the employee to minimize the inconvenience to the employee.

Smoking

The Company believes in providing employees with a safe and healthy work environment by banning all tobacco use, including, but not limited to, cigarettes, e-cigarettes, cigars, pipes and chewing tobacco, and carrying lighted smoking materials, on all Company property and off-site meeting rooms. This includes smoking inside Company-owned vehicles or inside the shop. Smoking on jobsites is not permitted except inside the box or at a supervisor's or manager's discretion. Employees are only allowed to smoke or use other tobacco products in designated outdoor areas during breaks and lunches. The scope of the prohibition on tobacco use includes the Company's indoor and outdoor premises. Cigarette butts at the shop must be disposed of in the provided receptacle.

Attendance

Attendance is an essential function of all positions at the Company. Absenteeism among the Company's employees, regardless of the cause, has a detrimental impact on the success of the business. All employees should accept the responsibility for their full share of the workload by working safely, productively, and efficiently for their scheduled time. Absenteeism also has an adverse impact on the morale of employees who have good attendance. An employee who is routinely absent puts an added burden on coworkers and the Company's operations. Employees are expected to report to work when scheduled, be in their departments or at the jobsite ready to work at their starting time and be back and ready to work as soon as their designated lunch or break times are over. The Company recognizes, however, that some absences may be medically necessary and/or otherwise protected by applicable law, and the Company will appropriately address those situations. If an absence is planned, the Company requires three weeks' notice from the employee.

In the event of an unforeseen absence, the employee should text the Dispatcher and the Operations Manager as early as possible so that scheduling accommodations can be made.

An employee who is absent from work for two consecutive working days without personally notifying his or her supervisor will be considered to have voluntarily terminated his or her employment with the Company.

Tardiness causes a significant disruption in the flow of operation and productivity. Employees are expected to arrive on-time or early for their shift. Three or more tardies over the course of 30 days is means for dismissal.

Outside Employment

We recognize that some employees may wish to take secondary employment outside of the Company, either with another company or on a self-employed basis. While it is not the Company's intention to interfere in any way with an employee's personal activities, outside employment of any kind will only be acceptable if the following conditions are met:

- The job does not in any way interfere with the performance of the employee's duties at the Company, whether due to a conflict in hours of work, mental or physical fatigue, injury, or any other reason.
- There is no conflict or appearance of a conflict of interest between the employee's duties at the Company and those of an outside employer.
- Duties connected with outside employment are not conducted while on the Company's time.
- Employees do not represent themselves as connected with the Company while working at secondary employment.
- No Company resources, including but not limited to tools, equipment, or uniforms, are used in connection with outside employment.
- Employees must be aware that their primary work responsibility is to the Company and understand that they may jeopardize their employment with the Company if outside employment in any way interferes with their performance at the Company.
- If the Company determines that the employee's outside work interferes with the employee's job performance for the Company, the employee's ability to work safely for the Company, or interferes with the employee's ability to meet the requirements of employment with the Company, the employee may be required to limit outside work or to terminate the outside job to remain employed with the Company.

Terminations

Should an employee wish to terminate his or her employment, the Company asks that the employee give a minimum of two weeks' notice so it may locate a replacement or arrange for coverage of the departing employee's position. This notice should be in writing.

The company reserves the right to terminate employees at its discretion with or without cause to manage the business in the best interest of the company and the safety of its employees.

Upon termination, all climbing gear, equipment and PPE purchased by the company shall be returned. Any equipment not returned will be valued and deducted from the final paycheck.

- Helmets and communication systems are the Company's property and must be returned upon discharge.
- Helmets shall be white in color.

Attire and Grooming

Dress, grooming, and personal cleanliness standards contribute to the morale of all employees and affect the business image the Company presents to customers. During business hours or when representing the Company, you are expected to present a clean, neat, and tasteful appearance. You should dress and groom yourself according to the requirements of your position. Production employees may not wear items that present a safety issue, such as gaged earrings and other jewelry.

The Company reserves the right to make determinations as to the appropriateness of employee appearance and will do so in a non-discriminatory manner. If your supervisor feels your personal appearance is inappropriate, you may be asked to leave the workplace until you are properly dressed or groomed. Where necessary, reasonable accommodation may be made to a person with a disability or for religious belief.

Cell Phone Use

Employees are encouraged to take appropriate safety precautions when using their cell phones. Employees are expected to refrain from use of cell phones while driving Company vehicles and while driving for Company purposes, if at all possible. Use of an electronic mobile device is allowed only when your vehicle is parked or in the event of an emergency. If it is necessary to use a cell phone while driving a Company vehicle, a hands-free device must be used. At all times, employees must follow all applicable laws and rules of the road of the location where they are driving. Employees should use Company-provided iPads for navigation. Personal cell phones are to be left in vehicles while on the job site except for the Crew Foreman.

Performance Evaluation & Wage/Salary Reviews

Regular and frequent communication regarding performance expectations is crucial for employee development and engagement. Employees will receive a performance evaluation after 90 days of employment, again on their anniversary date, and annually each anniversary thereafter. The results of this review will be used to help determine wages and promotion, and will become a permanent part of the employee's records.

Training & Career Development

All new employees must complete pre-employment PPE and safety training prior to beginning work. This training will be performed and signed off by the Safety Director.

EMPLOYEE BENEFITS

Sick Leave

Full-time employees of the Company are eligible for up to two days of sick leave per calendar year. Full-time employees are eligible for sick leave following the completion of the first 60 days of service. Unused sick leave carries over each year, up to a maximum of 160 hours.

Sick leave may be used for the employee's own illness or injury, for the illness or injury of an immediate family member, or for the employee's or family member's medical and dental appointments.

No more than 8 hours may be used per missed shift or 24 hour period.

Salaried employees must take sick time in at least half-day increments. Salaried employees unable to perform at least four hours of work should take a full day off. Failure to comply with this policy is considered an abuse of sick time/PTO and will result in disciplinary action, up to and including termination.

Employees requesting time off under this policy should provide as much advanced notice to the Office Manager as soon as practicable. If the need for leave under this policy is foreseeable, the employee shall provide a written request at least 3 weeks in advance of the leave, or as early as possible.

Leave under this policy may run concurrently with leave taken under other applicable policies as well as under local, state, or federal law.

Vacation Time

Full-time employees of the Company receive five vacation days per year (40 hours). Vacation time is not available for use until the employee completes 60 days of employment. Vacation time is replenished on the anniversary date.

Upon the first anniversary, one vacation day (8 hours) will be added to the employee's bank in addition to the five days. Upon the second anniversary, two vacation days (16 hours) will be added. This pattern continues up to 5+ years, at which point a maximum of five extra days (40 hours) will be added each year on the anniversary date. For example, at the seventh anniversary, the employee will receive five extra days (40 hours), and at the 11th anniversary, will still also receive five extra days (40 hours).

No more than 8 hours may be used per missed shift or 24 hour period. Employees must obtain their supervisor's approval before taking vacation. Requests for vacation must generally be submitted three weeks in advance, unless circumstances prevent advanced notice. Vacation will be approved at the sole discretion of the Company, and the length of employment may determine priority in scheduling vacation times. During the months of April through September, no more than five consecutive work days may be taken off, including a paid holiday. For example, July 4th is a paid holiday. No more than four additional consecutive days may be taken off in conjunction with this holiday.

Salaried employees must take vacation time in at least half-day increments. Salaried employees unable to perform at least four hours of work should take a full day off. Failure to comply with this policy is

considered an abuse of vacation time/PTO and will result in disciplinary action, up to and including termination.

To provide financial support during challenging winter months, employees can take up to two days (16 hours) in the negative during the months of December through February, pulling vacation time from the future. Approval is at the discretion of the Vice President, who will assess requests based on individual circumstances. This policy aims to offer flexibility and financial relief when weather-related disruptions occur and an employee does not have adequate vacation hours to cover missed shifts.

Upon voluntary or involuntary separation of employment, eligible employees will be paid for accrued but unused vacation.

Parental Leave

Full-time employees are eligible for up to one (1) week of paid parental leave following the birth or adoption of a child. Employees who have given birth are eligible for up to five (5) additional weeks of paid leave for recovery time. Employees will be paid in a separate check on the next regularly scheduled pay date after their return to work.

Employees may also take up to four (4) weeks of unpaid leave following the birth or adoption of a child, after using all paid leave available under this policy.

Leave provided under this policy will run concurrently with any other leave for which the employee is eligible, to the extent permitted by law.

Holiday Pay

The Company will grant up to seven holidays per year to all full-time employees who have been employed by the Company for six months or more. The Company's holiday schedule will be posted at the beginning of each year.

The Company normally recognizes the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, and Christmas Day. Employees will be paid eight hours at their regular rate of pay.

If the holiday falls on a Saturday or Sunday, the Company will not observe the holiday, but may choose to observe the holiday on Friday or Monday at their discretion.

Paid time off for holidays will not be counted as hours worked for the purposes of determining overtime.

Unpaid Time Off Policy

Employees may request unpaid time off, but approval is never guaranteed and is at the manager's discretion based on business needs, scheduling, and attendance history.

Unpaid time off requests are limited to the equivalent number of days an employee receives in PTO per year. *(For example, if an employee accrues 8 days of PTO annually, they may request up to 8 days of unpaid PTO.)* Managers may approve additional unpaid time off in special circumstances.

Requests should be submitted in advance whenever possible. Emergency situations will be considered but are not guaranteed approval.

Military Leave

Employees who are required to fulfill military obligations in any branch of the Armed Forces of the United States or in state military service will be given the necessary time off and reinstated in accordance with federal and state law.

All employees are granted an unpaid leave for military service, except where state law dictates otherwise. Exempt employees may be provided additional time off with pay when necessary to comply with state and federal wage and hour laws.

Military orders should be presented to the President and arrangements for leave made as early as possible before departure. Employees are required to give advance notice of their service obligations to the Company unless military necessity makes this impossible. You must notify the President of your intent to return to employment based on requirements of the law. Your benefits may continue to accrue during the period of leave in accordance with state and federal law.

Additional information regarding military leave may be obtained from the President.

Personal Leave of Absence

After the first 90 days of continuous service, employees who have major family or personal needs may request personal emergency leave, without pay, for up to 30 business days. The Company will evaluate such request based on particular circumstances at that time, including but not limited to the employee's current and anticipated work responsibilities, performance, and the Company's current and anticipated business needs. The Company reserves the right to refuse such request in its sole discretion. Employees must use any accrued vacation or sick leave as part of their leave period before they request personal emergency leave.

Civic Duty Leave

The Company encourages employees to fulfill their civic obligations. The Company will not penalize employees in any manner for participating in election or jury duty.

If you are called for election/jury duty, you must notify your supervisor within 48 hours of receipt of the election/jury summons. If you are selected to serve on election/jury duty, you must promptly notify your immediate supervisor of the anticipated length of trial. If it is impractical for the employee to serve at the time specified, the President will prepare a letter to the court requesting a deferral.

Employees will be required to submit documentation to substantiate the number of days of election/jury service and the election/jury duty pay, if any.

WORKPLACE CONDUCT

Workplace Violence Prohibited

The Company has adopted a policy prohibiting workplace violence. Consistent with this policy, acts or threats of violence, including intimidation, harassment, coercion or other conduct involving threatening or violent behavior, which involve or affect the Company or which occur on the Company's property, including any Company worksite, will not be tolerated.

"Acts or threats of violence" include conduct that is sufficiently severe, offensive, or intimidating to alter the employment conditions at the Company or to create a hostile, abusive, or intimidating work environment for one or several employees. Examples of workplace violence include, but are not limited to, the following:

1. All threats or acts of violence occurring on the Company's premises, including any Company worksite, regardless of the relationship between the Company and the parties involved; or

2. All threats or acts of violence occurring off the Company's premises involving someone who is acting in the capacity of a representative of the Company.

Specific examples of conduct that may be considered threats or acts of violence include, but are not limited to, the following:

1. Fighting, hitting or shoving an individual;
2. Threatening an individual or his or her family, friends, associates, or property with harm;
3. Intentional destruction or threatening to destruct the Company's property;
4. Making harassing or threatening phone calls;
5. Harassing surveillance or stalking (following or watching someone); or
6. Unauthorized possession or inappropriate use of weapons, firearms or ammunition on Company property.

The Company prohibits threats and acts of violence against all persons involved in the Company's operation, including, but not limited to, personnel, contractors, temporary workers, customers, vendors, visitors and anyone else on Company property. Violations of this policy by any individual on the Company property will lead to disciplinary action, up to and including termination and/or legal action as appropriate.

Each employee is required to report incidents, threats or acts of physical violence to his or her supervisor or the President immediately.

Drug-Free Workplace

The Company endorses the philosophy that the workplace should be free from the detrimental effects of illicit drugs. The Company believes that drug abuse greatly affects job performance, the work environment, safety and confidence in the Company. Therefore, the Company prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances while on the premises, or at such times before working hours as to impair job performance. The term "controlled substance" refers to any drug listed in 21 U.S.C. § 812 and other federal regulations. Such drugs include but are not limited to heroin, marijuana, cocaine, crack, and PCP. They also include "legal drugs" that are not prescribed to the employee by a physician.

The actual or attempted use, possession, distribution, transfer, or sale of an illegal drug or alcohol or being under the influence of an illegal drug or alcohol at work, while on the Company's property or while engaging in the Company's business, poses unacceptable risks for safe, healthy, and efficient operations for the employee and those who work with the employee.

"Illegal drug" means any narcotic, depressant, stimulant, hallucinogen, cannabinoid or other substance subject to the federal Controlled Substances Act that is not lawfully prescribed or not lawfully obtained, and prescription or over-the-counter medications not being used for the prescribed or recommended purpose or at the prescribed or recommended dosage level, or that is not being used in accordance with a legitimate medical diagnosis. Violation of the policy, including a positive test for illegal drugs and/or alcohol, may result in discipline, up to and including discharge, except that, depending on the circumstances of the case and at the Company's sole discretion, the employee may be offered a

one-time opportunity to enter and successfully complete a substance abuse rehabilitation, treatment and/or counseling program that has been approved by the Company.

Any employees who possess, distribute or consume alcohol in connection with a Company-sponsored event or customer entertainment function will not be found to have violated this policy, provided they do so in moderation and remain in compliance with all Company policies and applicable laws.

Aside from drug testing of all applicants being considered for employment, employees may be subject to drug or alcohol testing for the following reasons:

- Reasonable belief that an employee may be under the influence of alcohol or illegal drugs
- Post-Accident Testing: Any employee involved in an on-the-job accident or injury may be asked to submit to a drug and/or alcohol test where employee drug use appears to have potentially contributed to the incident, based on the Company's assessment. "Involved in an on-the-job accident or injury" means not only the employees who caused the accident and/or were injured, but also any employees who potentially contributed to the accident or injury in any way.

Employees who have not tested positive for drugs or alcohol, but who have a substance abuse problem, are encouraged to utilize the Company's Employee Assistance Program or otherwise voluntarily admit themselves for participation in a rehabilitation, treatment or counseling program. Employees who have not violated this policy will not receive discipline or other corrective action for voluntarily participating in rehabilitation, treatment or counseling, but may be subject to the provisions of this policy.

Illegal drugs, alcohol and drug paraphernalia found on the Company's property may be turned over to the appropriate law enforcement agency and full cooperation must be given by all employees and/or any other individual subject to this policy to any subsequent investigation.

Standards of Conduct

31. Violation of any policies or procedures contained in this handbook.

The Company may, at its discretion, add or amend rules and regulations as deemed appropriate and necessary. As an employee, it is your responsibility to learn and adhere to all the Company's rules, regulations, policies and principles of professional and personal conduct.

Some employees of the Company are provided access to Company computers and network, which may include access to the Internet and email. The Company's computer system includes but is not limited to Company devices such as computers, printers, electronic communications, voice messaging systems, telephone calls and business systems that employees have access to, software applications installed on computers as well as all authorized mobile devices that may be used to connect to the Company's network or electronic equipment. Please notify your supervisor if any equipment, machines, or tools appear to be damaged, defective or in need of repair. Prompt reporting of damages, defects, and repairs needed may prevent deterioration of equipment and possible injury to employees or others. Your supervisor can answer any questions about your responsibility for maintenance and care of equipment used on the job.

The improper, careless, negligent, destructive, or unsafe use or operation of equipment can result in disciplinary action, up to and including termination of employment.

Workplace Bullying

The Company defines bullying as "repeated inappropriate behavior, either direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the place of work and/or in the course of employment." The purpose of this policy is to communicate to all employees that the Company will not tolerate bullying behavior. Employees found in violation of this policy will be disciplined, up to and including termination.

Bullying may be intentional or unintentional. However, it must be noted that where an allegation of bullying is made, the intention of the alleged bully is irrelevant and will not be given consideration when determining appropriate disciplinary action. It is the effect of the behavior upon the individual that is important. Below is a non-exclusive list of behaviors which the Company considers bullying:

- **Verbal bullying:** Slandering, ridiculing or maligning a person or his/her family; persistent name-calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks or gossip.
- **Physical bullying:** Pushing, shoving, kicking, poking, tripping, assault or threat of physical assault; damage to a person's work area or property.
- **Gesture bullying:** Non-verbal threatening gestures or glances that convey threatening messages.
- **Exclusion:** Socially or physically excluding or disregarding a person in work-related activities.

Workplace Safety

All employees are expected to follow the safety practices outlined in the Company Illness & Injury Prevention Program Safety Manual provided upon hire.

The federal government has established work rules and regulations covering the health and safety of all employees. These regulations are very comprehensive and subject the employer to heavy penalties for allowing employees to deviate from the requirements. Any willful violation by employees of the requirements of the Occupational Safety and Health Act ("OSHA") may be cause for immediate discharge.

In Case of an Accident or Incident

2. Minor accidents requiring first aid shall be treated in the department or wherever first-aid supplies are available.
3. In case of serious accident, notify a supervisor immediately and arrangements will be made for a doctor or an ambulance, if needed.

Client Dispute Reporting and Handling

3. If the complaint is not within the scope of the Work Order or is about work that has already been completed, refer to your Crew Leader immediately.
4. Crew leader shall record exactly what the client says using the Client Dispute Report form.
5. Crew leader shall tell the client that the complaint will be communicated as soon as possible to their supervisor.
6. Should the client become irate or aggressive, the crew leader shall remain calm and politely end the conversation and state that a supervisor will be in contact with them as soon as possible.

Weapons

In the interest of maintaining a workplace that is safe and free of violence, the Company prohibits the presence or use of handguns, firearms, and other dangerous weapons on Company premises, regardless of whether or not the person is licensed to carry the weapon. This policy is subject to the laws of certain states that expressly permit the possession, transportation or storing of a firearm or ammunition by eligible employees in locked private vehicles in employer parking lots.

Definitions

For purposes of this policy the following terms will carry the following meanings:

"Company premises" means all Company-owned or leased buildings and equipment and surrounding areas such as sidewalks and walkways, under the Company's ownership or control, all Company worksites, and all Company-owned or leased vehicles.

"Dangerous weapons" include, but are not limited to, firearms, knives, explosives and other similar weapons.

State Law Notices

Pursuant to applicable state law, even persons licensed to carry concealed handguns may not enter the Company's premises with a concealed handgun or other similar weapon.

Private Vehicles

Eligible employees may transport and store their firearms in strict compliance with the applicable state law. Employees who have firearms must familiarize themselves with the applicable state law. The Company will permit employees to have firearms in their private vehicles only to the extent permitted by applicable law. Firearms are not permitted in Company-owned vehicles. Moreover, firearms are not permitted to be removed from the private vehicle.

The Company has no duty to inspect, patrol, or secure the parking area or any vehicles in the parking area and will not be liable for any loss or theft of a firearm that an employee has in his or her private vehicle while parked in a Company parking area. The Company further has no duty to confirm or determine an employee's compliance with laws relating to firearm ownership or possession.

The presence of a firearm or ammunition in locked, private motor vehicles in a manner expressly permitted by state law does not constitute a failure by the Company to provide a safe workplace.

Employees may not remove firearms from a private vehicle, leave firearms in clear view in a private vehicle, display firearms to other coworkers or guests, vendors or customers, or brandish firearms to anyone. All other dangerous weapons are prohibited from Company property wherever located, including parking areas.

Fleet Telematics Policy

All telematics and dashcam systems will be installed prior to driver use if they are being utilized in a company vehicle. The installation of each unit will abide by NE laws. The driver must not alter the systems in any way or turn them off during their shift to interfere with record-keeping. This will lead to disciplinary actions, including possible termination.

All employees driving with telematics and/or dashcam units must understand that their driving will be monitored. Driving habits, idle patterns and any violations of company policies that are found will be reviewed within 30 days. If there are issues found with a driver's actions, they will be documented in their employment driving record, and disciplined accordingly if necessary.

Drivers using vehicles that are regulated by the Department of Transportation (DOT) must comply with all the applicable FMCSA regulations and state laws. Vehicles not DOT-regulated must abide by all company policies and state laws.

This fleet telematics policy is in addition to the other driving safety policies in place.

Telematics:

Telematics systems provide vehicle tracking information for companies. These systems are used by Arbor Aesthetics to monitor the vehicle's data, including:

- Speed
- Location
- Length of stop
- Idle time
- Time of arrival and departure from stops
- Mileage
- Acceleration and deceleration
- Fuel efficiency

Cameras / Dash Cams:

The use of dashcams in company vehicles is to help employers keep their employees and operations working in a safe manner. Most dashcam footage is used to assist Arbor Aesthetics with driver training. However, it also helps with the prevention of theft, criminal offenses and defense of legal claims.

Dash cams are not optional; they are placed in all company vehicles for use. They are installed and used in such a way that makes sure there is a minimal intrusion of privacy for drivers.

Footage on the dashcam is not saved or stored unless it relates to an incident that the footage is necessary to keep for legal, training or discipline purposes. Only the safety director, manager/supervisor and designated senior management will have access to footage from the dashcam. If the footage is to be used for training purposes, the driver will consent to the use of the video prior to it being used.

The dashcam is not used to monitor the driver for the amount of work they are completing or see what a driver is doing at that particular moment in time. However, if the footage shows inappropriate conduct at work, this is grounds for discipline. With that said, the video is not used to police drivers.

All footage is subject to the proper security measures to prevent unauthorized use and access of the recordings.

Disciplinary Actions

Employees will face disciplinary action up to and including termination if they:

Destroy, dismantle, unplug or otherwise inactive the telematics system. The employee who performs these actions will face disciplinary action, up to and including termination of employment.

Deliberately block the view of the camera on the inside of the cab or the outside.

Use of Data

Collected data will be used to enhance operational efficiencies and improve our drivers' operational skills. Established criteria will be used to benchmark individual operator, departmental and/or location

vehicle operations and performance metrics. This will be supported with appropriate coaching and mentoring aimed at improving performance across the company fleet.

Our expectations are that those operators and supervisory personnel failing to meet expectations will improve performance based on focused guidance and mentoring. Goals for improvement will be identified and monitored. Failure to improve ongoing metrics will result in progressive disciplinary measures up to and including termination if necessary.

The following are considered unsafe driving practices and will be considered policy violations: speeding, vehicles left idling, seat belt violations, unauthorized use of company vehicles and tampering with the GPS and / or telematic systems.

Depending on the severity of the action and a driver's driving history, these disciplinary actions may not be skipped, and instead, immediate termination may be necessary.
